Craftsmanship equals

A - Every Ebbtide is hand-rolled, achieving the precise ratio of glass-to-resin.
B - Ebbtide boats are hand-crafted in limited production to ensure the quality of your boat.
C - Only the finest gelcoats are used on Ebbtide boats, producing hulls and decks that shine for a long, long time.
D - You won't find a chopper gun in the Ebbtide factory. That's because every layer of fiberglass mat, woven roving and/or directional material is 100% hand-laid.
E - We spray the hull sides with closed-cell flotation foam for sound deadening and structural integrity.
F - You can't buy a boat with a more solid transom and perma-panel cored grid stringer system.
G - Ebbtide boats have some of the smoothest gunwale lines in the industry. Triple fastened, a sign of our extreme attention to detail.

Performance

H - Rides smoother & runs quieter
Thanks to the combination of weight, power and Dyna-Core™ construction.
I - Planes quicker & performs better
The unique design of the DYNA-PLANE™ hull makes the boat out of the water onto plane.
J - Deep V-Hulls turn tighter
without sacrificing, grabbing a handful of traction at every turn.
K - Outboard models are available on the 176 SE & 188 SE Bow Riders
and the 2100 & 2400 Fun Cruisers
L - Formidable power & stealthness
from Mercruiser or Volvo combine to power every Ebbtide.
"Ebbtide’s emphasis on durable construction is what separates it from the pack of production companies. This company builds for the long haul."

"Be warned: One time behind the wheel and you’ll never be happy with your old boat again."

"When it comes to styling, workmanship, and hull construction, Ebbtide rivals Wellcraft, Sea Ray and Cobalt… in every category except price."

"At top speeds, the boat stood tall, like a fully trimmed performance boat running on pad."

"Ebbtide is a production boat company, but the boats are extremely custom looking and the workmanship is exceptional."

"...razor smooth turns, decisive throttle response and a ride that beats a bumpy lake into submission..."

"Ebbtide makes sure you and your family have the best time possible, manufacturing boats that deliver consistent performance, superior handling, luxurious comfort and head-turning styling. It's an art Ebbtide has been perfecting since 1965."

"The boat cornered predictably without blowing out or burying itself in the turn... the boat’s impressive speed and Thrust Captain’s Call Side Exhaust option gave me the feeling I was driving a sports car."

The 2009 Marine Industry CSI Award was presented by the National Marine Manufacturers Association to Ebbtide for its outstanding customer satisfaction scores. Ebbtide ranked at the highest measurable level of satisfaction for boat builders. Ebbtide also won the award in 2007 and 2008.

The first thing you’ll notice about every Ebbtide is the beauty of the Gel Coat. Smooth and durable, even the deepest colors maintain their gleam for decades. But upon closer inspection you’ll find every through-hull and cleat, grab handle and rail are of the finest marine grade stainless steel. We even emboss the Ebbtide logo into the pull-up cleats that are standard on most of our models. What happens below the water line is one of Ebbtide’s most decorated specialties. The design of the deep V-hull combined with the transom deadrise delivers paradigm-shifting performance. And some models feature Z-Trak™, an Ebbtide exclusive vented chine design that boosts the exit of water flow and provides more traction in turns. Generous swim platforms with boarding ladders lead to large and comfortable sun decks. Optional accessories, like reverse wakeboard towers are available for water sports enthusiasts. But every model is designed to pull wakeboarders, water skiers, tubers and all the latest towable equipment.

**One of A Kind Exterior Features**

A - Extended swim platforms for watersports and ease of boarding.
B - Stainless steel vents provide a great accent to the deck profile. All Ebbtide boats exceed engine manufacturers’ emission standards for maximum horsepower.
C - Boarding ladders located (and on some models forward) make it easy to get in and out of the water.
D - Comfortable lounging areas can be found on our sundecks and extended swim platforms.
E - Z-Trak™ hull design provides quicker planing and all-around better performance.
F - Bow scuff plates and docking lights made from the finest marine grade stainless steel.
G - Logo embossed pull-up cleats look great and add convenience to the sides of our boats.
H - Molded transom seating provides the perfect place to hang out when the boat is at rest. (Available on certain models)
I - Optional wakeboard towers and/or folding arches are available on every model.
J - Color matched bimini tops provide shade when you want a break from the sun. (Standard on most models)
Luxury has been redefined in the all new Ebbtide interior. Rich dark and tan tones accent the completely reimagined lines of our spacious cockpits and seating areas. Embroidered logos, beautiful stitching, the finest marine grade vinyl are among the finest fits and finishes in the industry. And it covers comfort foam that envelopes you in comfort on the water. Stainless steel grab handles, ski tow rails and boarding ladders are all reinforced with backing plates for continuous strength under pressure.

On certain models, you’ll find enclosed changing rooms and marine heads. All feature integrated insulated coolers. Swivel captain’s chairs also feature flip up bolster seats for better vision in tight maneuvering, while docking or loading on the trailer. Spacious storage is located under most seats, in the engine compartment and in the cabin soles. Satellite radio and navigational aids (depth finders and more) provide entertainment and safety on the water.

**A - Heads/changing rooms add convenience when out on the water all day.** (on all Fun Cruisers, Cuddies & the 2640 & 2440 BR)

**B - Snap-in cockpit carpet** is a nice addition for luxury and comfort on your new boat. (optional on most models)

**C - Bi-fold Walk-Though Wind-Gate** is handy for those cool mornings on the water.

**D - Hidden trash bins are on many models and plenty of storage is standard on all models.**

**E - Our Cuddies feature spacious cabins with plenty of room for adults, children and all their gear for a weekend on the water.**

**F - Our Chaise Lounge SunDeck** is perfect for those lazy afternoons in the sun.

**G - Optional bow filler cushions** for comfortable lounging and sun bathing.

**H - Walk-though Windshields** back into place either opened or closed for access to the bow from the cockpit area.

**I - Sun Platform with walk-thru transom** provides spacious relaxation and easy access from swim platform.

**J - Wrap-around seating** available on many models.

**K - Ski and Wakeboard storage compartment** is conveniently located in floor.

**L - Aft seating areas with optional table base** provide large storage areas beneath the seats and in the engine compartment.
2700 SS Cuddy Bow Rider

Standard Features

If you have long distance cruising on your mind, this is the perfect boat. Whether you are a seasoned cruiser or a first timer, the 2700 Cuddy Bow Rider combines the speed and performance of a bow rider with the cabin comforts of a cruiser. Inside the well lit cabin you'll find a marine head, a settee with serving table that converts to a full sized berth, and an optional microwave, flat screen television or air conditioning. Not many cruisers will take you from anchorage to anchorage at 45-50mph, but this watercraft will take you there comfortably. The bow and cockpit both have ample seating and storage. Beyond the transom you will enjoy a huge scalloped extended swim platform.

Option Features

ebbtideboats.com | 11
The Ebbtide 2640 Z-Trak™ is a full performance bow rider with reinforced hull, incorporating Kevlar® fiber, and room for the family and lots of friends to enjoy endless hours of fun on the water. Slightly forward of center is an enclosed head/changing room. The boat sounds great with the satellite-ready sound system and speakers everywhere. You’ll also enjoy the convenience center w/sink and built-in cooler. There are numerous storage areas throughout the boat. The center walkthrough transom features a very comfortable sundeck and two rear-facing seats (only to be used while the boat is at rest and the engine is off). The oversized integrated swim platform has a huge storage area and a four-step stainless steel telescoping boarding ladder.

The 2440 Z-Trak™ is the perfect boat for the active family who likes to bring their friends along. Be amazed as 24 feet of total performance gracefully accelerates on to plane, glides across rough water and pulls up wakeboarders with ease. Enjoy the newly styled fully enclosed fiberglass head/changing room with an innovative storage compartment door and optional Corian counter top. In the walk thru area, there is a bi-fold wind-gate that completely closes for those cool mornings. The generous bow seating area features custom back rests that open for easy access to storage areas. There’s even a bow boarding ladder for easy access. The fashionable 2440 Z-Trak™ can be customized with many more choices, along with multiple engine options from Mercruiser and Volvo.

The Ebbtide 2300 Z-Trak™ is a beautiful new roomy addition to the Ebbtide family of boats. This new Z-Trak™ is a full performance bow rider with reinforced hull and our exclusive vented chines for great performance. This head turner also provides seating for ten with a very deep bow area and a four-step stainless steel telescoping boarding ladder off the transom. The aft sun deck converts into a chaise lounge and provides generously comfortable relaxation at anchor. The lounge lifts up creating a walk thru transom.

Powerful enough to pull just about any water toy, the 2300 lives up to its super sporty description. Enjoy your favorite tunes with the newly designed iPod dock and interface. There are numerous storage areas throughout the boat. The extended swim platform allows your family to quickly and easily access the water or return to the boat after a swim.

Optional Features

For the outboard enthusiast, all the great features that come with our Fun Cruisers can now be enjoyed by those who prefer outboard power. These models feature L-shaped cockpit seating with a huge cooler box underneath, a convenience center with sink, trash and storage, stainless steel cup holders, full low seating and optional full cushions. Fore and aft stainless steel boarding ladders make easy boarding from the beach or water. The enclosed head and changing room is located forward. There are coolers located forward and aft for those warm days on the water. Bring your water toys along in the large in-floor storage locker. For those who like to fish, there is even a built-in rod locker on the starboard side. Both models come with a bow cap and there is an optional bow bimini to provide additional shade.

Once you get past the extreme attention to construction quality and performance, your Ebbtide can be completely customized. Just think of the paint combinations. If you add up all our boats, colors and stripe options, there are more than 144,000 combinations. Throw in a wake board tower (forward or reverse) for extreme water sports. Add Sirius Satellite Radio or tower speakers for extreme entertainment. Custom covers for hauling and storing are available. Captain’s Call side hull exhaust delivers a throaty, powerful sound. Transom showers and transom mounted radio remote controls are available on some models. Custom bow and all filler cushions can create large lounging areas. And dual bimini tops are available for fan crews to completely cover all seating areas. There are so many options that we don’t have space here to list them all. Please see your dealer or our website for all the options.

- Poly-Flake accent stripe
- Captain’s call side hull exhaust
- Transom mount remote control
- Bow & Aft filler cushions
- Sirius Satellite Radio
- Custom bow, cockpit & mooring covers
- Low-profile tinted windshield
- Folding Wakeboard Arch
- Tower speakers
- Dual bimini top
Overheads & Optional Features (cont)
the family that plays together, stays together

Get out there and enjoy each other. We’re busier than ever. We burn the candle at both ends. And sometimes our family takes the hit for that. Don’t let another day go by without planning to put your family in first place... ahead of all the pressures of work. And if you’re going to commit, take a closer look at boating. If you, like millions of other families worldwide, chose to boat together, it won’t take a lot of research to realize that Ebbtide is your best choice. Ebbtide boats are built strong, handle smooth and provide one of the most comfortable rides on the water.

Rediscover your commitment to family on any one of our 23 models with unbeatable performance, durability, craftsmanship and exceptional value. Ebbtide is dedicated to building the best and making them better for your family. Sure, you can buy a cheaper boat... but then you have to ride in it.
